

BRITAIN READY FOR NAVAL TRUCE

Growing Unemployment
Renders Issue Acute
In England

BANKRUPTCY IS SEEN

Spread of Communist Doctrine Alarm-
ing Feature of Situation Big Busi-
ness Gloomy

London, Dec. 29.—The British govern-
ment would support any sugges-
tion emanating from the United
States looking toward a world con-
ference on limitation of armaments.
No official intimation has been re-
ceived in Downing street of Sec-
retary Daniels' declaration in favor of
such a gathering and as the Wilson
Administration is nearly at an end it
is probable that the Lloyd George
government will make no official move
until Harding goes into the White
House.

The newspapers, without exception
are continuing their clamor for a
naval holiday by Japan. Great Brit-
ain and the United States. As the
agitation grows, it becomes clearer
that the British care less about their
treaty of alliance with Japan than
they do about the maintenance of
good relations with America. The
newspapers of all shades of opinion
contain expressions of good will to-
ward America and some of them
even say frankly that they would
side with the United States if the
latter clashed with Japan.

The reasons for this sudden burst
of excitement over the question of
disarmament is not hard to find. The
widespread unemployment here and
the consequent hardships entailed are
enough of a burden to the country
without the added possibility of hav-
ing to launch a new naval building
program. Premier Lloyd George
stayed in London over the Christmas
holidays, holding several conferences
with labor leaders on the unemploy-
ment problem. On Christmas day,
he met a delegate from the employ-
ers and another from the workers.
Tomorrow more than a thousand la-
bor leaders will confer here to con-
sider the Government's insistent
proposal that former service men be
allowed to accept employment in the
building trades. The unions have
been steadily opposing this method
of giving employment to idle men.
The whole question of unemployment
remains unsettled and it grows more
difficult of solution every day.

The Evening Standard says:
"It might be within the power of
America to bankrupt the rest of the
world by setting the pace in an arms
competition, but it could not
conceivably be in her interests. The
Secretary of the Treasury has pointed
out the vital necessity of national
economy. The unemployment prob-
lem in the United States is great and
the restoration of credit and of the
purchasing power of the world's civil-
ized populations is as essential to
America as it is to ourselves."
"A new armaments race might
give the final push to send the struc-
ture of international credit down in
ruins, and with it all the slow recon-
struction of international trade that
has so far been achieved since the war."

Big business interests are taking a
gloomy view of prospects for the new
year. There has been a slump in
trade all over the country, and what
ever measures the Government takes
to reduce unemployment, the new
year will begin with a largely in-
creased army of idle. The slump has
hit the steel, engineering and ship-
building interests particularly, and to
almost as great an extent the wool-
en, cotton, lace and cutlery factories.
The labor party is continuing its
agitation in favor of a resumption
of trade with Russia and is now re-
ceiving encouragement from the
Government.

The unemployment situation has
given extremists opportunity to

Virginia "Dry's" Evidence Stolen

Richmond, Va., Dec. 29.—All "evi-
dence" seized by Federal prohibi-
tion agents in Virginia during the last
year has been stolen. The agents ad-
mitted yesterday before Federal
Judge Waddill that the rooms in the
Federal building, where the contra-
band liquor was stored had been twice
looted by thieves, and the Court or-
dered that in future seized liquor
must be turned over to the United
States Marshal for safekeeping.

Alleged Astor Bandit

Held in Philadelphia

Philadelphia, Dec. 29.—A man who
gave his name as Carl Wehner, 34
years old, of New York, alleged to be
one of the three gunmen who com-
mitted a robbery on the second floor of
the Hotel Astor three weeks ago,
was arrested last night at Ninth and
Market streets by Detective Stillman
of the Central Office.

Wehner was taken into custody after
Captain Souder, chief of detectives,
had received a "tip" that the man
would be in that neighborhood shortly
after 6 o'clock. Stillman had a descrip-
tion and photograph of the alleged
bandit.

Detectives Flaherty of New York
arrived at headquarters at the same
time that Stillman brought in his
prisoner. Wehner admitted his iden-
tity, but denied that he had taken part
in the robbery. He will fight extra-
dition.

Wehner, the police say, served an
eighteen month prison term in Col-
umbus, Ohio, under the name of
Charles Wilson. He came to this city
shortly after the crime accompanied
by two men and two women.

SENATORS TOLD HARDING'S STAND

Daugherty Assures Leaders
Treaty Will Not be
Resubmitted

CONFERENCE HELD

Lodge and Knox Discuss Peace Treaty
With Daugherty—McCumber for
New Deal

Washington, Dec. 29.—Assurance
was given Republican Senate leaders
today by Harry M. Daugherty, per-
sonal emissary of President-elect
Harding, that the Versailles Treaty
will not be resubmitted to the Senate
by the new administration.

Mr. Daugherty conferred at length
with Senator Lodge the majority lead-
er of the Senate and chairman of the
Foreign Relations Committee; Sen-
ator Knox, of Pennsylvania, former
Secretary of State; Senator Brande-
gee, of Connecticut, and Senator New
of Indiana, and, it is said, made the
position of the President-elect clear
upon this point.

The conference, it was stated,
brought about two important results:

First—It allayed the growing un-
rest and uneasiness among the Sen-
ate "Irreconcilables" caused by persis-
tent reports from Marion that Sen-
ator Harding was considering the ad-
visability of resubmitting the Ver-
sailles Treaty, with reservations broad
enough to protect American interests.
It left them fairly convinced that Mr.
Harding has no intention of trying
to get the Versailles Treaty ratified,
even with the broadest reservations.

Second—It enabled Mr. Daugherty
to carry back to Marion denial that
the "Irreconcilable" opposition to the
treaty was collapsing and that the
"Irreconcilables" might be willing to
listen to compromise talk. The Sen-
ators present at the conference made
it plain to Mr. Daugherty, it is un-
derstood, that if the President-elect
sent the treaty back to the Senate in
any form he would do so at the peril
of precipitating a bitter party fight
at the very outset of his Administra-
tion.

Mr. Daugherty, it was stated, as-
sured the Senators that the President-
elect must have been misunderstood
by some of his visitors if the impres-
sion had gone out that he intended re-
vising the Versailles treaty. Mr.
Harding, he said, interprets the elec-
tion returns as a repudiation of the
treaty by the American people and
stand squarely on his statement made
several days after the election that
the League was dead.

New York, Dec. 29.—A compromise
in the \$160,000,000 stockholders' equity
suit against William Rockefeller
and other former directors of the
New York, New Haven and Har-
ford Railroad was effected here
yesterday when Federal Judge Chas.
M. Hough ordered the action discon-
tinued.

The terms of the compromise pro-
vided that the individual defendants,
against whom waste and mismanage-
ment were charged, pay the New Ha-
ven, the corporate defendant, \$2,500,000,
which counsel for the road last
night said had been done. Then the
judge issued an order allowing the
lawyers for the complainants \$338,333.33—a third of the compromise
sum—upon their application for fees,
disbursements and expenses to be
paid out of the settlement money.

sult of an order that went out to-
day from Burgess Lillian B. Brown-
lee, Washington's woman executive

interest.

Burgess Brownlee concentrated
her first efforts for improved mun-
icipal governments on gambling es-
tablishments and pool rooms. She
instructed the police chief to notify
proprietors of pool rooms that all mu-
nitors must be kept out of their places
and that gambling must stop im-
mediately. Furthermore, she ordered
all gambling houses closed. She in-
formed the police chief she had evidence
of the existence of illegal houses, that
would warrant prosecutions and that
if her order was not enforced at
once arrests would be made.

they broke into the couple's room at
the Blackwood Hotel.

The couple eloped to Crown Point,
Ind., and were married yesterday.
Their parents notified the police and
after an all night search they were

and he would have it annulled.

NAME OF BRITIAN STENCH TO WORLD

Labor Commission That In-
vestigated Ireland So
Reports

HONOR COMPROMISED

Beating of Women Not The Worst
Said Against The Crown's Forces
Operating in Ireland.

London, Dec. 29.—The Labor Com-
mission which recently investigated
affairs in Ireland, it became known
yesterday, in its final report declares
"a thing is being done in the name
of Great Britain which must make her
name stink in the nostrils of the
whole world. The honor of our people
has been gravely compromised."

The commission charges the Crown
forces, among other things, with burn-
ings, destruction, looting and fogging.
Regarding the government's re-
sponsibility for reprisals the commis-
sion states:

"We do not believe the government
directly or indirectly inspired reprisals
and violence but while it has per-
fomerly denied certain occurrences
which are beyond doubt, it has as-
sociated itself with and defended crime
committed by the Crown forces in
Ireland. Blame for the present situa-
tion does not rest primarily with the
members of the Crown forces, but
with the government."

Among the points in the commis-
sion's report are the following:

"Even if only a tithe of the fires
which admittedly have occurred in
many parts of Ireland during the past
few months were caused by govern-
ment agents, the case against the
forces of the Crown and the govern-
ment would, in our judgment, be am-
ply proved."

"There are so many undoubted cases
of looting and theft that the commis-
sion must add these crimes to those
of burning and destruction. Many
cases of beating and other forms of
punishment came to our notice, some
of which we were able to investigate.
"In some places there has been a
good deal of flogging of the people."

"Rough and brutal treatment of
women is no means the worst; that
has to be said against men in the
service of the British crown."

"Final solution of the Irish problem
will not be found in a policy of vio-
lence and vengeance. It will have to be
found along the lines of conciliation
and consent by a more enlightened
method of negotiation."

Dublin, Dec. 29.—Countess Geo-
rgina Markievicz, who was tried by a
court-martial on a charge of conspi-
racy to organize a sedition society
was yesterday sentenced to two years
at hard labor in prison.

The specific allegation against her
was that between January, 1918, and
September, 1920, she had plotted to
organize a "fianna Eirinn." This or-
ganization has been charged with the
conspiracy to murder military police
and with unlawful drilling.

ALLEGED MANIAC ACCUSED OF KILLING HIS FATHER

Lexington, Ky., Dec. 29.—Owen
Duncan, alleged maniac, for some
time in an asylum, is charged at Hop-
kenville, Ky., with the murder of his
father with an axe, and at least
one witness puts the murder of Jas.
Hart, elderly hermit, upon him also.
Hart was killed with an axe in his
lonely cabin three days after Duncan
is alleged to have murdered his
father and while Owen Duncan was
being sought. Luther Jones yester-
day identified Duncan as having been
the man who entered Jones' home
near where Hart lived the afternoon
Hart was murdered. The stranger,
Jones said, demanded food and said
he would kill anyone who refused
him food when he was hungry.

W. T. Horn said that soon after
the Hart murder he saw Owen Dun-
can in Grayson county wearing a
woman's coat which fitted the de-
scription of the coat belonging to
Hart's mother, which the hermit had
at his home and which has been mis-
sing since the night of the Hart mur-
der. Horn is alleged to have also
identified Duncan, who is in jail at
Hopkenville awaiting trial.

Robbers, to Start 1921

Right, Keep on Robbing

New York, Dec. 29.—Police Com-
missioner Enright last week ascrib-
ed the crime wave to the desire of
handits to buy Christmas presents for
their girls. When detectives yester-
day questioned two alleged burglars
as to their reason for stealing they
replied:

"We wanted money to start the
New Year right."

The prisoners who range in this
change on Mr. Enright's explanation
of holiday crime were Frank Ambro-
sio, twenty-one years old, of 172
West Houston Street, and Carme
Babbino, twenty-one, of 477 West
Broadway.

Detectives O'Connell and Mahoney
of the Mercer Street station ar-
rested them early yesterday after they
alleged they watched them carry cloth-
ing worth \$5,000 from the loft of Ben-
jamin Carlsky, at 111 Bleeker
Street, head of a wagon and take it
to a house at 203 Wooster Street.
Magistrate Levine, in afternoon Mar-
shall Court held each in \$5,000 bail
for the grand jury.

FIUME GRANTED TIME FOR PEACE

Fire of Blockading Forces
Suspended at Request of
City Officials

PRELIMINARY PARLEY

D'Annunzio's Envoy's Told They
Must Recognize Treaty of Rapallo
—Port Wounded in Head

Rome, Dec. 29.—Firing on Fiume
by the Italian blockading force will
be suspended, it was decided at a con-
ference in Ancona yesterday, accord-
ing to advices received here.

The suspension was requested by
the director of national defense at
Fiume and the Mayor of the city, who
met General Ferrario, commander of
the blockading force, to discuss the
possibility of ending hostilities.

At a conference this morning the
General informed the delegates that
negotiations were impossible without
prior recognition of the Treaty of Ra-
pallo. Such recognition having not
been given, the delegates decided to
return to Fiume to discuss the mat-
ter and asked for another meeting.
They also requested a suspension of
the firing, which was granted.

Pre-D'Annunzio demonstrations,
some of which have resulted in dis-
turbances, have been held in all the
great centers of Italy. Shops every-
where have been shut up. On their
doors are posters reading "Closed as
a sign of national mourning." Flags
also have been half-masted.

In Milan, Genoa, Spezia and Bolo-
gna the police were compelled to in-
terfere to restore order. No serious in-
cidents, however, have been reported,
although two persons were wounded
in Turin.

The executive committee of the
Milan Nationalists has passed resolu-
tions pledging the Nationalists to
immediately rise up against the Gov-
ernment, "which alone is responsible
for the crime perpetrated against
Fiume."

Trieste, Dec. 29.—News confirming
reports that Gabriele d'Annunzio, the
Italian insurgent leader at Fiume, had
been wounded in the recent fighting
between the legionaries and General
Cavigliola's regular troops, was re-
ceived here today. No details were given,
however.

The dictator was struck in the head
by a piece of shell while conversing
in the palace, but the wound was
slight.

THREE MILLION FIRE LOSS IN WILMINGTON

Wilmington, Del., Dec. 29.—Con-
flagration menaced this city last
night when a fire of mysterious or-
igin caused losses, which may total
three million dollars, prevented em-
ployment of 800 jobless persons and
made hundreds homeless.

The blaze which destroyed eleven
buildings, one of them newly erected,
belonging to the Wilmington Leather
Company, one of the largest morocco
concerns in the East, and wiped out
a row of dwellings in the rear of the
plant, was the most destructive in the
history of Wilmington.

SAFETY FOR NATIONAL PARKS

Most persons think of the national parks as set aside for all time for the enjoyment of the whole nation. That they are not yet entirely safe from depredations of private commercial enterprise is shown by the recent discussion in Congress of the Senate proposed amendment to the water power bill passed in the last session. The amendment will give Congress full control of the power resources of the national parks (instead of leaving authority in the hands of the Federal Power Commission created by legislative act last year).

One project, which was proposed under the Federal Water Power Act was the damming of the Yellowstone river at the mouth of the lake. This would have created a high water level within the park, thereby destroying many wonderful hot springs, flooding some beautiful timber land, and the nation's best moose range. Once such a concession were made to private enterprise, there would be no end to the further demands and inroads upon the parks. Besides, it is not necessary to ruin the parks in order to utilize their power resources. In the case of the Yellowstone River, the waters flow out of the park eventually, and could be dammed and stored, far enough away so that no injury could be worked to the park, while providing the wanted power. Says the Secretary of the Interior:

"Our national parks are a heritage of beauty and natural wonder. We have set them aside and opened them to millions of visitors, and we have developed them to add to their beauty by making them accessible. It is not right that in the interests of a dubious utility we should risk the impairment of national lands which are the common property of the American people. Our national policy should be one of guarded and guarded opposition to the exploitation of these lands."

As yet the whole public is not fully enough informed regarding the parks to appreciate the danger they face. It is up to the nation's representatives and to the duly appointed authorities to act as true guardians to this public property. It is indeed a dubious utility which would be gained by destroying large areas of the most beautiful playgrounds in the world.

JUST WALKING

A pedestrian named W. F. Lambeth is now trudging through Florida or the most ambitious walking trip in history. He is now walking where he is just walking. He seems to have made a bet with himself, or something of the sort, to the effect that he would walk 300,000 miles in 24 years. He started on January 1, 1887. Since that time he has covered about 293,000 miles. The elapsed time is 23 years, but inasmuch as Lambeth took time to fight in the Spanish War and the World War, he figures that he still has three or four years to make good, and has no doubt of his success. His rambles have carried him already over a large part of the world, and he expects to tramp over the rest of it before the gets through.

This indefatigable pedestrian certainly deserves credit for perseverance, if nothing else. Anybody who can keep up an average of 40 miles a day for 24 years has a will worthy of a more profitable pursuit.

Can it be worth while to perform so huge and monotonous a labor, "just to say you've done it?"

If he did that walking in a treadmill, the energy he used up would serve to pump water or run a washing machine or light a house, or something.

SPORTS

The Dreadnaught A. C. basketball team will again resume play, Thursday night, meeting the Peerless A. C. of Washington, in the Armory at 8:15 p. m. The Big D team finished last season with a fine record and will have a 50 per cent better team this year than last.

The schedule now being drawn up will show them playing the best teams in this part of the country, a trip through West Virginia being a special feature of this year's schedule. The Peerless A. C. playing here Thursday night will have several Holy Cross University players in their lineup who are home for the holidays.

Come out and help us pay expenses. Good games will be played three days a week during January and February, we need your support.

After a hard practice last night, the Fitzgerald K. C. quint feel that they will come out victors over the Capital Silent Five at Armory Hall tonight. The visiting team is composed of deaf and dumb players and are headed by Ferguson, all South Atlantic forward, and Nicol, former Gaillardet star.

Quite a number of the basketball fans saw this team in action in this city last season and it is hoped that the public will show up in good number to see this wonderful collection of players.

Arrangements have been made to have the hall well heated, and competent officials will handle the game which will start at 8:15 p. m.

A BIG FEATURE

Prominent among the names that will go down to posterity as the pioneers of the screen is that of Maurice Tourneur, the man under whose personal direction the super production "The Great Redeemer" was made. Mr. Tourneur has been associated with the making of motion pictures for over 15 years, and during that time has been responsible for some of the best productions that have been made.

"The Great Redeemer" which will be shown Friday and Saturday at the Four Theatre, is Mr. Tourneur's latest, and it represents the wizard of the silver screen at his particular. Mr. Tourneur devoted much time and forethought to the creation of this production, realizing that it marked one of the milestones of his career, and as such could not be other than the best he had to offer. The story is that of a train robber who wins a masterpiece on the wall of a cell, and into the picture Mr. Tourneur has put the most consummate artistry.

FORT MYER

Inasmuch as most of the military duties have been suspended at the fort for the Christmas holidays, the officers and enlisted men are enjoying a merited rest.

Lieutenant Charles McCall is to divide several boxing bouts on New Year's afternoon in the Riding Hall. Only members of the Athletic Club may be admitted, though civilians may be special guests of the soldiers. Chaplain Pealy simulated Santa Claus on Christmas Eve, coming from Rolling Field in an aeroplane and dropping the loop over the parade grounds before alighting to distribute presents to 1200 soldiers and 100 children.

Colonel Rivers announces that the Friday afternoon drills will soon be resumed and that the public will have no difficulty in obtaining seats. People of Arlington County, he states, will be especially welcome, and there will be no need for their reserving seats in advance.

ASPIRIN

Name "Bayer" on Genuine

It's criminal to take a chance on any substitute for "Bayer Tablets of Aspirin." Unless you see the name Bayer on package or on tablets you're not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Fake Aspirin only as sold in the Bayen package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin box of twelve tablets cost few cents. Doctors also sell larger packages. Aspirin is the trade mark of Bayer Manufacturing Co. of Monrovia, California, of Salicylic acid.

Moonshining and Bootlegging Break all Records.

Louisville, Dec. 29.—Governor Edwin P. Morrow, addressing a joint session of the Kentucky Judges' Association and the Kentucky Commonwealth Attorneys' Association here yesterday, declared that the illicit manufacture and sale of whisky in Kentucky is more widespread than ever before. It has reached a point, he declared, where its suppression presents one of the most serious problems confronting the State.

Promising no immunity for liquor law violators, he asked the energetic co-operation of his auditors in suppressing the traffic, adding that one of the most alarming features was the spread of intemperance among youths of the State.

BRITAIN READY FOR NAVAL TRUCE (Continued from Page One)

spread seeds of rebellion on fertile ground. Communist propaganda is being carried on among the ex-soldiers, who are naturally embittered by their forced idleness in the country that kept telling them during the war that they would be welcomed back as heroes.

The Westminster Gazette says: "In times like these, those who see everywhere the spectre of Bolshevism do as much harm as those who are doing their best to raise it. The crisis should demonstrate to the community that it is its duty to organize an industrial system in such a manner that such hardship may be avoided. We need to search for the remedy, not use distress as an opportunity to create bad feeling."

Tokio, Dec. 29.—The Jiji Shimpo, which has been one of the strongest supporters of the Government's naval program, says yesterday that if the world consents to arrest the race for naval supremacy there is no reason why Japan's plan for eight battleships, eight battle cruisers and 120 submarines, to be completed by 1925, should not be modified.

The newspaper calls on the Japanese Government to take the initiative, and points out that the current expenditure for education is less than one-tenth of the expenditure for armaments.

CHILEAN ASSAULTED AND JEWELS TAKEN

New York, Dec. 29.—Robbery of \$9,000 worth of jewelry from a young Chilean, who was taken by two young men in their apartment was made public yesterday after being suppressed by the police since Monday. His assailants escaped.

William Beauchef, a native of Valparaiso, who lives with his mother

in Newark, took the jewelry to the men's apartment. His mother had advertised the jewelry for sale in a Spanish newspaper and they asked Beauchef to call.

The two young men, who gave fictitious names, represented themselves to be sons of wealthy Cuban bankers and said they were attending Columbia University. Beauchef was not seriously injured by the beating.

RICHMOND WOMAN HAD SUFFERED FROM YOUTH

Dyspepsia and Nervousness Now Things of the Past and She Feels Splendid Since Taking Tania.

"I am so happy over what Tania has done for me that I want to talk about it all the time," said Mrs. C. E. Dohier, of 1403 Pentis Avenue, Portsmouth, Va.

I had suffered from indigestion ever since I was a child and have taken medicine nearly all my life, but I was gradually growing worse each year. I was a confirmed dyspepsia and hardly a day passed that I was free from suffering. Everything I ate seemed to be heavy on my stomach and I would bloat up with gas something awful. I had the worst sort of pains around my heart and in my left side, and at times I didn't think I could hold my lunch. The stomach and nervous system were so affected that I couldn't eat a thing I had eaten. I had spells of dizziness and would have to sit or everywhere

lie down until I could recover. My nerves were badly unstrung and at night I was in such misery I could hardly get any sleep at all. My house work became burdensome and I got so weak and worn out I felt I was ready to give up.

"About three weeks ago I began taking Tania and am feeling better than I have in many years, and now for the first time since I was a child I can eat whatever I please without suffering any bad after effects. The indigestion has left me altogether and I am no longer troubled with gas, bloating, or pains. My nerves are steady and I have not had an attack of dizziness since I started taking Tania. I enjoy perfect rest every night and when I get up in the morning I am feeling so fine I can do my housework without tiring one bit."

Tania is sold in Alexandria by Ed. J. Warner, Jr., and good druggists.

DASHING LOTHARIOHELD AS EMBEZZLER
Connellsville, Pa., Dec. 29.—A few
months ago Edward F. Vanetta, of
Akron, Ohio, dropped into town. He
was of the debonaire dashing type, the
kind that takes impressionable young
women by storm, and just as frequent-
ly lays successful siege to the more
carefully schooled and dignified.When Vanetta arrived in Connells-
ville he had three big liquors and
apparently unlimited funds. He was
not long in making the acquaintance
of Miss Estelle Clarke, whose father
a former coal operator, left the young
woman plenty of wherewithal to
"match Vanetta's position."Vanetta, soon after meeting Miss
Clarke, "fell heir" to a minor inheri-
tance of \$50,000. Last Thursday, just
before leaving on an important busi-
ness trip, he surprised Miss Clarke
with a neatly drawn check for \$1000
a trifling sum to aid her in making
things merry during Christmastide.

Just before he was ready to leave

he started for the city of Akron, Ohio, to
"come along." Vanetta went quickly
to Akron, in fact so quickly that Miss
Clarke did not know it.He was wanted for alleged embezzling
ment, as well as on a charge of steal-
ing the three automobiles that he had
in his baggage while dashing Con-
nellsville's maidens and matrons.The \$1000 check given Miss Clarke
went to the bank and returned a
"mere scrap of paper."**AUCTION SALE OF HANDSOME

TRAIL OF NAVY \$72,000 FOUND
Sailors Wanted For Theft Bazaar
Clothing in Norfolk

N. C. Va., Dec. 29.—Aided by clues left by the two sailors in a Norfolk clothing store where they purchased civilian clothes and discarded their uniforms, officers of the United States Department of Justice and the police of many cities last night were prosecuting a search for W. H. J. Meyer and M. Ashmore, sailors, wanted in connection with the disappearance of a package containing \$72,000.

Legion Commander Flays

Houston Bonus Estimate
Washington, Dec. 29.—Testimony by Secretary Houston of the Treasury before the Senate Finance Committee yesterday placing the cost of carrying out the pending adjusted compensation or soldier bonus bill at \$2,300,000,000 was characterized by F. W. Galbraith, national commander of the American Legion in a statement last night as "a scuttling fish skirmish in muddy waters so that the principle involved can be clouded in a lot of figures that mean nothing."

Mr. Galbraith estimated the maximum amount the bonus bill would cost the Government at \$1,878,800,000. "Secretary Houston's whole presentation of the matter," said the Legion commander, "was misleading and designed to frighten the country into a repudiation of its obligation to ex-service men. The general impression was conveyed by his testimony that the passage of the adjusted compensation bill would entail the immediate appropriation of billions of dollars by the Government and seriously cripple the financial condition of the Treasury at the present time. The facts are that appropriations necessary to carry out all features of the bill except that of cash compensation would be negligible for this year and for several years to come and that appropriations for cash compensation are not asked until July, 1921, and are to be spread over a period of two years."

CARUSO'S PHYSICIANS CONFER

Report His Condition Shows No Essential Change

New York, Dec. 29.—The five physicians attending Enrico Caruso, who has been confined to his apartment at the Hotel Vanderbilt since Christmas, suffering from an attack of pleurisy, issued a bulletin last night saying that the tenorist's condition is "fairly comfortable."

The bulletin read: "Mr. Caruso is resting fairly comfortably. His condition shows no essential change." The five physicians held a consultation on Caruso's case yesterday afternoon. Mrs. Caruso telephoned the office of the Metropolitan Opera Company at 1 o'clock and said that the condition of the tenor was "as satisfactory as could be expected."

Dr. Murray said that the physicians are not yet able to determine just how long Caruso will be confined to his bed.

NEW ANTI-SOVIET MOVE SEEN

Washington, Dec. 29.—British military dispositions in Mesopotamia, while believed in official circles here to be violative of the mandate principle, are regarded in some quarters as foreshadowing an armed movement against the Bolshevik advance in the Caucasus, with its possible objective of a descent upon India.

Great Britain, during the World War, it is recalled, used Persian territory as a base of operations against the Turks, and since the conjunction of the Turkish Nationalists with the Russian Bolsheviks, resulting in the reduction of Armenia and the promised encompassing of Georgia and Azerbaijan as well as Persia in the Bolshevik enveloping operations, there have been reports of British preparations to meet the threatened menace by a counter advance from Mesopotamia.

Likely Selections as Seen by Associated Press
The Associated Press correspondent at Marion cites as "under very serious consideration" for Cabinet appointment the following: Charles E. Hughes, of New York, Secretary of State; John W. Weeks, of Massachusetts, Secretary of the Navy; Will H. Hays, of Indiana, Postmaster-General or Secretary of the Interior; Henry Wallace, of Iowa, Secretary of Agriculture; Herbert Hoover, of California, Secretary of Labor, and Harry M. Daugherty, Attorney-General.

"Uncle Joe" Cannon Now Holds Longest Record in Congress
Washington, Dec. 29.—"Uncle Joe" Cannon, war-horse of the House of Representatives, yesterday established a new American record.

With the close of a dull House session he passed the mark for length of service set by Justin Smith Morrill, of Vermont, who as Senator and Representative served 43 years, 8 months and 24 days. The former Speaker will begin tomorrow adding new time to his own record, with the hope of reaching the ripe old age of 100 and beating Gladstone's record of 53 years in the British House of Commons.

There was no use offering a little advice to younger Representatives, because somebody else always was thinking up smart things and attributing them to him. The remark, charged to Mr. Cannon, that spurs he put on the heels of army officers to keep their feet from slipping off the desk, was never uttered by him.

"But what's the use?" he asked. Counting his victory in the recent landslide, Mr. Cannon has been elected to Congress 23 times. He is now ending the 44th year of service. First elected in 1872, he has just kept coming to Congress ever since, with exception of two bad Novembers, when his people failed to return him. On May 7 next he will be 85 years old. Few of his friends remember that he was born at Guilford, N. C. He served eight years as Speaker, and has been doing committee work so long he has forgotten when he started.

"Gladstone served 53 years in the British House of Commons, and with good election luck I hope to beat that," the former Speaker said. "I have had four years of absence I didn't ask for, and hope to reach the 53, but then you never can tell."
